Project Name: Credit Card Approval Prediction using Machine Learning	Maximum Marks: 1 Mark

COMMUNICATION PLAN TEMPLATE

Communication Plan

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Standup	Daily	Zoom / Slack	All Team Members	Review daily milestones, address blockers in feature scaling or front-end integration.
2	Progress Update	Weekly	Slack / Email	Team & Guide	Submit weekly sprint deliverables and review evaluation matrix metrics.
3	Bug Discussion	As Needed	GitHub Issues	Developers	Log and resolve performance bottlenecks, scale bugs, or policy override logic errors.
4	Stakeholder Review	Bi-Weekly	Microsoft Teams	Team, Guide, SmartBridge	Demonstrate working increments and align on risk management requirements.
5	Demo Rehearsal	Once	Zoom	All Team Members	Dry run presentation slides and run testing scenarios sequentially.

Communication Challenges & Resolutions

S.No	Challenge Faced	Resolution / Action Taken
1	Difficulty explaining complex model decisions to stakeholders.	Resolved: Formulated the Policy override logging table to explicitly show why an applicant was rejected.
2	Scheduling sync standups around college classes.	Resolved: Shifted daily syncs to evening hours on Slack using async text updates.
